HISTORICAL

The International Brotherhood of Boilermakers, Iron Shipbuilders, Blacksmiths, Forgers, and Helpers was born on September 1, 1893. On that day, at a meeting in Chicago, representatives from the International Brotherhood of Boiler Makers and Iron Shipbuilders, which had been organized on October 1, 1880, and the National Brotherhood of Boiler Makers, which had been formed in Atlanta in May of 1888, resolved to consolidate their organizations. It was decided that William Lee Andrew Johnson, who had served as President of the National Brotherhood, and William J. Gilthorpe, who had been Secretary-Treasurer of the International Brotherhood, would retain these positions in the new organization, and that International Brotherhood President Andrew Kier and National Brotherhood Secretary-Treasurer Raymond Garcia would step aside. It was further agreed that the new organization, to be known as the Brotherhood of Boiler Makers and Iron Shipbuilders of America, would make its headquarters in Kansas City, Kansas.

Two-and-one-half years later, on June 9, 1896, the Brotherhood affiliated with the American Federation of Labor.

In subsequent years, the Brotherhood continued to grow, and in 1902, under the guidance of President John McNeil, who had succeeded President Johnson after his retirement in May 1897, the Helpers Division was formed. Because helpers were barred from sitting in the lodge room with mechanics, this new division had its own local unions and was entirely separate from the Boiler Makers. This would change a decade later when the Helpers Division would be consolidated with the Mechanics Division.

In March 1906, at a special Convention in Kansas City overseen by President George F. Dunn, who had replaced President McNeil in February 1905, the name of the union was changed to the International Brotherhood of Boilermakers, Iron Shipbuilders, and Helpers of America in order to incorporate the newest division. Also at this time, the term "Boiler Makers" was condensed into one word: Boilermakers.

At the 8th Consolidated Convention, held in St. Paul in 1908, three major decisions were made. First, the Helpers Division was granted International vice-presidential representation with the election of John H. Dohney of the Western Division and John F. Schmitt of the Eastern Division. Second, N. W. Quesnel was elected to serve as the first Canadian International Vice President. Finally, with his election, Joseph A. Franklin began his long, and at times tumultuous, tenure as International President. With the exception of a 10-month period — from November 20, 1929, when he was relieved of his duties by the International Executive Council and replaced by Assistant International President William Atkinson, to September 1930, when he was re-elected by the delegates at the 15th Consolidated Convention — J. A. Franklin held the position of International President until his 1944 retirement at the 17th Consolidated Convention.

During his presidency, Franklin oversaw many changes in the organization. He served with five different Secretary-Treasurers including William J. Gilthorpe, who retired in 1914 with over 19 years of service, Frank Reinmeyer (1914-1920), Joseph Flynn (1920-1926), Charles F. Scott (1926-1936), and William E. Walter (1936-1945). In addition, President Franklin affiliated the Boilermakers with the National Building Trades Department of the American Federation of Labor in February 1931. Most impressive, though, is the tremendous membership growth that occurred during Franklin's presidency. At the turn of the century, total membership stood at about 8,500, but by Franklin's retirement, due in part to dramatic increases in the shipbuilding, railroad, and fabrication shop industries during World War II, the Boilermakers numbered over 350,000.

After Franklin's retirement in 1944, Charles MacGowan was elected to serve as International President by the delegates of the 17th Consolidated Convention. About a year later in 1945, International Secretary-Treasurer Walter passed away and the International Executive Council elected William J. Buckley to the office.

Under the direction of these two men, the Boilermakers continued to progress. On January 22, 1948, construction of the New Brotherhood Building began, and in September 1949, International headquarters moved to its current location — the fifth floor of the new building.

Five years later, International President MacGowan and International Secretary-Treasurer Buckley presided over the Boilermakers' 19th Consolidated Convention in Minneapolis, which merged their organization with the International Brotherhood of Blacksmiths, Drop Forgers, and Helpers. The International Brotherhood of Blacksmiths was organized in 1889, and added Helpers to both their membership and their name in 1901. A 1919 merger with the Brotherhood of Drop Forgers created the union that, on June 29, 1953, merged with the Boilermakers to form the International Brotherhood of Boilermakers, Iron Shipbuilders, Blacksmiths, Forgers, and Helpers. A year later, a new International seal was adopted to include all crafts.

In 1954, International President MacGowan retired and the International Executive Council elected William Calvin as his replacement. President Calvin served until his death on January 27, 1962, whereupon International Vice President Russell K. Berg was elected by the International Executive Council to succeed him.

During President Calvin's term, several important services were created by the Boilermakers union: the Boilermaker National Health and Welfare Fund (Oct. 1, 1954); the Boilermakers National Joint Apprenticeship Fund (Nov. 9, 1959); and the Boilermaker-Blacksmith National Pension Trust (Oct. 1, 1960).

In 1958, International Secretary-Treasurer Buckley died and the International Executive Council elected International Vice President Homer E. Patton as the new International Secretary-Treasurer.

At the 24th Consolidated Convention in August 1973, International President Harold J. Buoy, who had been promoted from his position of Special Assistant to the International President upon the retirement of R. K. Berg in 1970, and International Secretary-Treasurer Charles F. Moran, who had replaced Homer Patton after his retirement on March 31, 1973, were each elected to a four-year term.

At the 25th Consolidated Convention in Vancouver, British Columbia, an International Executive Council sub-committee, led by Southeast International Vice President Charles W. Jones, proposed the establishment of a Construction Division at International headquarters to service members with employment in or related to the construction industry. After extensive debate, delegates to this 1977 convention voted by majority action to establish a Construction Division at International headquarters.

In 1983, Harold Buoy retired and International Vice President Charles W. Jones was elected International President by the International Executive Council.

The next year, on March 15, 1984, the delegates to the Special Merger Convention of the United Cement, Lime, Gypsum, and Allied Workers International Union (CLGAW) voted to merge with the International Brotherhood of Boilermakers, Iron Shipbuilders, Blacksmiths, Forgers, and Helpers. The merger of the CLGAW, and its 10,000 members (which dominated the building products and supplies industry) with the Boilermakers union, forged an organization with a greater ability to provide services to its members, and set the stage for the next Boilermaker convention.

Almost two-and-one-half years later, in August 1986, delegates met at the 27th Consolidated Convention in Hollywood, Florida. After spirited debate and internal division, International President Jones and International Secretary-Treasurer Don Whan, a Canadian International Vice President who had been chosen to succeed International Secretary-Treasurer Moran after his retirement earlier in the year, were re-elected to their respective positions.

After the 27th Convention, political and ideological differences within the organization calmed, though those who lost their bid for higher office and control of the union did lure a few thousand members into an independent group called the Independent Workers of North America. This outfit, headed by the former president of the CLGAW and a former Boilermaker Vice President, ultimately failed, and the members were absorbed by the Papermakers, an AFL-CIO affiliate.

Five years after the 27th Consolidated Convention, political wounds had healed and the Boilermakers were once again a unified body. The 28th Consolidated Convention was held in Las Vegas, Nevada, in August 1991. International President Charles W. Jones and International Secretary-Treasurer Jerry Z. Willburn, a director of the National Transient Division who had been elected to succeed International Secretary-Treasurer Whan after his retirement on April 1, 1989, were unanimously re-elected along with the entire International Executive Council.

Having completed the 28th Consolidated Convention as a unified Brotherhood, International President Charles W. Jones began to seek out compatible merger partners. In July 1993, contact was made with the Stove, Furnace, and Allied Appliance Workers International Union — a skilled trade union that was organized in 1891. Discussions ensued and a merger of the two Brotherhoods was consummated October 1, 1994. The Stove Workers, with 5,800 members, became a division of the International Brotherhood known as the Stove, Furnace, Energy, and Allied Appliance Workers Division. The word energy was added to give special recognition to the coal miners within that division. The division's members are employed primarily in the manufacturing of stoves and various types of appliances.

Merger talks were also being carried out with an independent union known as the Western Energy Workers. This one-local union, formed in 1978 with members employed in the coal strip pits, signed a merger agreement with the Boilermakers effective December 1, 1994.

In August 1996, the 29th Consolidated Convention was held in Las Vegas, Nevada. International President Charles W. Jones and International Secretary-Treasurer Jerry Z. Willburn were unanimously re-elected. All members of the International Executive Council were also re-elected.

Shortly thereafter, ongoing merger discussions culminated in an agreement with the Metal Polishers, Buffers, Platers, and Allied Workers International Union. This union was also an old line, skilled trade union that was organized in 1892. Effective October 12, 1996, this merger brought 4,000 new members, who are employed primarily in plating and polishing shops within the United States and Canada.

Upon his retirement in 2003, International President Charles W. Jones was succeeded by Newton B. Jones. Two years later, in 2005, International Secretary-Treasurer Jerry Z. Willburn retired and was succeeded by William T. Creeden.

Delegates to the 31st Consolidated Convention in July 2006 re-elected International President Newton B. Jones and International Secretary-Treasurer William T. Creeden to their first full five-year terms and returned all incumbent International Vice Presidents to office.

With the goal of reducing expenses, delegates granted authority to the International Executive Council to decrease the number of International officers (set at 11 going into the convention) through attrition. In addition, the International Executive Council was granted authority, upon the recommendation of the International President, to realign territorial sections and the administration of the divisions, and to consolidate or redistribute the duties among other officer positions in conjunction with any office elimination.

At the 32nd Consolidated Convention in July 2011, delegates re-elected all International officers by acclamation. The officers ran as a slate that included International President Newton B. Jones, International Secretary-Treasurer William T. Creeden, and International Vice Presidents Larry McManamon,

Joseph Maloney, Edward Power, J. Tom Baca, Warren Fairley, James Pressley, and D. David Haggerty.

Delegates to the 2011 convention also approved substantial structural changes to the Brotherhood that included establishing a Construction Sector Operations (CSO) Division and an Industrial Sector Operations (ISO) Division. The purpose of the CSO Division is to service members who have an employment relationship in the Construction Sector. It comprises the Construction Sector Division, the National Transient Division, the Quality Control Council, and all other construction industries.

The purpose of the ISO Division is to service members who have an employment relationship within the Industrial Sector. It comprises the Cement, Lime, Gypsum, and Allied Workers (CLGAW) Division; the Shipbuilding and Marine Division; the Railroad Division; the Stove, Furnace, Energy, and Allied Appliance Workers (SFEAW) Division; and members engaged in manufacturing, including boiler manufacturing; blacksmithing; forging; and all other non-construction industries.

At the 33rd Consolidated Convention in Las Vegas July 18-21, 2016, delegates reelected all incumbent International Officers, including International President Newton B. Jones, International Secretary-Treasurer William T. Creeden, and International Vice Presidents Larry McManamon, Joseph Maloney, J. Tom Baca, Warren Fairley, and D. David Haggerty. The offices of International President, International Secretary-Treasurer, International Vice President-Canada, and International Vice President-Northeast were contested, but all incumbents retained their positions by wide margins. Incumbents holding the offices of International Vice President in the Great Lakes, Western States and Southeast Sections were returned to office by acclamation.

Between the 32nd and 33rd Consolidated Conventions, two International Vice Presidents retired: Ed Power (Eastern Canada) and James Pressley (IVP-at-Large, Industrial Sector Operations). Consistent with the authority granted to the International Executive Council by delegates to the 31st Consolidated Convention, the IEC voted to reduce both of those positions through attrition. The Council also approved realigning the territorial sections of Canada so that Joseph Maloney became the International Vice President for all of Canada.

In 2018, the Brotherhood Building at 753 State Avenue in Kansas City, Kansas, was sold and a building near the Kansas City, Missouri, airport was purchased to become the new headquarters for the organization. Work was begun to prepare the building for occupancy.

In 2019, International President Newton B. Jones launched the M.O.R.E. Work Investment Fund, a unique strategy to increase the union's Marketing, Organizing, Recruitment and Employment efforts. The strategy was built upon a highly successful Boilermaker initiative in the Western States that brought millions of new man-hours to the union in the petroleum refining

industry. The M.O.R.E. Work program expanded upon that initiative with the aim of bringing more work opportunities across all Boilermaker construction sector jurisdictions while strengthening the union's pension and health and welfare funds. The M.O.R.E. Work program soon proved its effectiveness, with an estimated 1,000% return on investment for members and the union.

Early 2020, however, ushered in unprecedented times as the COVID-19 coronavirus pandemic swept the globe. As the world grappled with a new and highly contagious disease, nearly all gatherings and travel halted, and many workplaces were shuttered at least temporarily, if not permanently. During this period, leadership deftly navigated the union through challenging financial times.

The pandemic also brought new developments in digital communication, as well as virtual meeting and work environments, which made it possible for the Boilermakers union to conduct its 34th Consolidated Convention virtually in 2021. Broadcasting from a studio in Virginia, a special digital platform allowed delegates to securely log in, view and participate in convention proceedings. During the convention, delegates re-elected all incumbent International Officers, including International President Newton B. Jones, International Secretary-Treasurer William T. Creeden, and International Vice Presidents Larry McManamon, J. Tom Baca, Warren Fairley, and John Fultz, uncontested and by acclamation. The office of International Vice President-Canada was contested, but Arnie Stadnick, who had been elected to the position by the International Executive Council after the retirement of Joseph Maloney in 2019, won by a wide margin.

PREAMBLE

In a representative democracy the economic guarantee of liberty, the natural right of those who toil to enjoy with their families the products of their labor, is uniquely essential to the welfare of a people.

In an organic unity, social justice demands recognition of this inalienable right. An organization that draws workers together, affording mutual assistance in securing just wages, reasonable hours and favorable conditions of employment, requires recognition of this natural propensity of man to live in society; cooperation, friendliness, and good understanding demand the forthright acceptance of duties among workers and mutual responsibilities between them and their employers.

Therefore, in furtherance of the ultimate purpose of social justice, cooperation, and good understanding and in order to assist our fellow craftsmen to continue their advancement, we have organized this International Brotherhood of Boilermakers, Iron Ship Builders, Blacksmiths, Forgers, and Helpers, and have adopted this body of law as its International Constitution.

ARTICLE 1

OBJECTIVES AND GOVERNMENT

1.1 – Name and Composition

1 The name of this organization shall be the International Brotherhood
2 of Boilermakers, Iron Ship Builders, Blacksmiths, Forgers, and Helpers,
3 which shall be composed of the International Brotherhood, including
4 District Lodges, Local Lodges, and Industrial Councils, together with
5 all other subordinate bodies properly chartered by the International
6 Brotherhood. The International Executive Council may alter or amend
7 the name of this organization at any time to facilitate a merger with
8 another compatible union. This International Brotherhood shall not be
9 dissolved while there are seven (7) Local Lodges in good standing.

1.2 – Purposes and Objectives

1 This organization is founded on the principle that in a democracy,
2 good unionism is good citizenship. The purposes of this International
3 Brotherhood are to implement the exercise of the natural right of work-
4 ers to organize that they may more securely work with dignity; to estab-
5 lish the contentment of freedom and security; to enable its members to
6 participate actively in self-government; to unite into one International
7 Brotherhood all workers eligible for membership, regardless of reli-
8 gion, race, creed, color, national origin, age, or sex; to secure improved
9 wages, hours, working conditions, and other economic advantages
10 for the members through collective bargaining, through advance-
11 ment of our standing in the community and in the labor movement,
12 and through other lawful methods; to provide educational advance-
13 ment and training for officers, employees, and members; to safeguard
14 and promote the principle of free collective bargaining, the rights of
15 workers, farmers, and consumers, and the security and welfare of all
16 the people by political, educational, and other community activity; to
17 protect and strengthen our democratic institutions and preserve and
18 perpetuate the cherished traditions of democracy; to protect and pre-
19 serve the union as an institution and in the performance of its legal and
20 contractual obligations.

21 It is recognized that the problems with which this International
22 Brotherhood is accustomed to deal are not limited to organization
23 and collective bargaining alone, but encompass a broad spectrum of
24 economic and social objectives as set forth above and as the union may
25 determine from time to time; we, therefore, determine and assert that
26 the participation of this International Brotherhood, individually and
27 with other organizations, in the pursuit and attainment of the objectives
28 set forth herein are for the sole benefit of the organization and
29 its members.

30 This International Brotherhood will strive through collective
31 bargaining for immediate objectives, such as reasonable standard
32 of working conditions and hours, just compensation for work done,
33 and an annual family living wage commensurate with our modern
34 society. We seek the cooperation of other progressive, constructive, and
35 intelligent combinations of workers for the attainment of these ends.

36 Thus, by our mutual efforts, and with due regard for the rights of
37 employers and concern for the public interest, there will accrue to the
38 members of this International Brotherhood and those similarly situated,
39 increased benefits and sufficient leisure time to pursue civic, cultural,
40 spiritual, and other beneficial activities.

1.3 – Government

1 The International Brotherhood, when assembled in Convention, shall
2 be the highest tribunal of this International Brotherhood and shall have
3 full jurisdiction over the International Brotherhood and all District and
4 Local Lodges and other subordinate bodies.

1.4 – Powers of the International Brotherhood

1 The powers of this International Brotherhood while in Convention
2 session shall be legislative, executive, and judicial.

1.5 – Vesting of Powers

1 When the International Brotherhood is not in Convention session, its
2 executive and judicial powers only shall be vested in an International
3 Executive Council, hereinafter called the “Executive Council.”

1.6 – Headquarters

1 The permanent headquarters of the International Brotherhood shall
2 be in Kansas, except that the International President and the Executive
3 Council are authorized and empowered, if they deem such action neces-
4 sary and to the best interests of the International Brotherhood, to trans-
5 fer the permanent headquarters of the International Brotherhood.

12.2.2 – Annual Adjustment

11 Every January 1, the monthly Per Capita Tax set forth in Article 12.2.1
12 above shall be adjusted by the percentage increase in average hourly
13 earnings in manufacturing as issued by the Bureau of Labor Statistics
14 for the twelve (12) month period, July to July, immediately preceding
15 an adjustment date, “rounded” to the nearest Five Cents (\$0.05) with the
16 maximum adjustment on any adjustment date to be One Dollar (\$1.00).

27 Such increase shall be in addition to any other adjustments to the
28 Per Capita Tax required under this Constitution. There shall be at least
29 ninety (90) days notice given to the Local Lodges before the effective
30 date of the increase. The effective date of this contingency increase shall

1 It shall be the duty of any subordinate body of the International

5 be taken by secret ballot on ballot forms to be furnished by the Interna-
6 tional Secretary-Treasurer, at a regular or special meeting of the sub-
7 ordinate body involved, provided that if approved or directed by the
8 International President such secret ballot may be taken by other appro-

11 shall be given adequate notice that a strike vote, or a vote on a proposal
12 from employers on settlement, will be taken, such notice to be given in
13 a manner reasonably calculated to reach such membership. Only those
14 members who are actually employed, or those members of Industrial,
15 Ship Building, or Marine Lodges who have been involuntarily unem-
16 ployed less than fourteen (14) calendar days, or those members who
17 are on the current out-of-work list of Construction Lodges available for
18 and seeking work at the time a vote is taken, shall be entitled to vote on
19 a strike or a proposal for settlement. Any member who voluntarily has
20 not worked or sought work under the jurisdiction of the International
21 Brotherhood or the member's Local Lodge for the sixty (60) day period
22 preceding a strike or proposal for settlement vote, shall be prohibited
23 from participating in said vote. Before the vote is taken, the membership
24 shall be advised of the issues involved. It shall require a two-thirds vote
25 of such members who are present and voting to obtain an authorization

26 for a strike. Authorization to strike shall be subject to the approval of the
27 International President. No strike shall be called which is in violation of
28 an existing collective bargaining agreement or which is otherwise in vi-
29 olation of law. Members who fail to fully participate in the strike efforts
30 by leaving the area of the strike or securing work elsewhere shall not be
31 entitled to vote on any strike issue. Any deviation from this section must
32 have the prior approval of the International President.

16.2 – Strike Benefits

1 The General Fund of the International Brotherhood shall be avail-

3 shall consist of a sum not to exceed Three Hundred Twenty-Five Dollars
4 (\$325.00) per week effective August 1, 2021, for each member in good
5 standing who is entitled to receive such benefits as provided in this Ar-

7 such benefits when the financial condition of the International Brother-

9 calendar day of unemployment due to strike, lockout, or victimization
10 as provided herein, except that any member who has participated in a
11 decertification effort or any action to assist another labor organization to

13 to strike, lockout, or victimization benefits, subject to the approval of the
14 International President.

16.3 – Conditions for Payment of Strike Benefits

1 Strike benefits shall be payable only under the following conditions

16.3.2 – Subordinate Body Reporting Requirements

5 The subordinate body involved has submitted a full report of the
6 contemplated strike to the International President setting forth the na-
7 ture of the strike, number of persons involved, and the issues. Such re-
8 port shall be received at International Headquarters in sufficient time
9 to permit the International President to conduct an investigation of the
10 situation through an International Vice President or other representa-
11 tive assigned by the International President to perform such function.

16.3.3 – Investigation by International

12 Such representative shall investigate the situation, including the reg-
13 ularity of the strike vote, and make a report thereon to the International
14 President, who, based on such report and on such other information as
15 the International President may have obtained, shall make recommen-
16 dations to the Executive Council concerning the payment of strike ben-
17 efits. Upon receipt of such report, the members of the Executive Council
18 shall then vote on the question of whether to provide strike benefits and,
19 if the majority of the Council so vote, such benefits shall be paid.

16.3.4 – Eligibility for Benefit

20 When the International Brotherhood or any subordinate body thereof
21 is involved or engaged in concerted organizing activity and directly in-
22 volved employees have signed an official application for membership,
23 paid the required initiation and/or reinstatement fee as determined by
24 the International President, and so recorded in the office of the Interna-
25 tional Secretary-Treasurer, said employees shall, subject to the authori-
26 zation and approval of the International President as provided under
27 Article 16.1, be eligible for strike sanction and benefits in accordance
28 with Article 16.2. The above situation shall also apply where directly
29 involved employees within the bargaining unit are locked out or forced
30 to take strike action for recognition.

16.4 – Duties of Lodges Receiving Strike or Victimization Benefits

1 Whenever a strike is called in respect to which the payment of strike
2 benefits is being requested, the Secretary-Treasurer of the subordinate
3 body involved shall establish a strike roll in duplicate on forms pro-
4 vided by the International Secretary-Treasurer, containing the names,
5 addresses, and register numbers of all members on strike or those vic-
6 timized and who are claiming benefits. A copy of such roll shall be
7 forwarded to the International Secretary-Treasurer each week that the
8 strike or victimization is in progress. The strike or victimization roll
9 shall be signed in accordance with instructions issued by the Interna-
10 tional Secretary-Treasurer. Only members who sign the weekly strike
11 or victimization roll shall be eligible for benefits for such week. The
12 strike or victimization rolls shall be kept in the official files of the sub-
13 ordinate body for a period of one (1) year after the termination of such
14 strike or victimization and shall at all times be subject to inspection by
15 an authorized representative of the International President. Any mem-
16 ber who is either gainfully employed or receiving unemployment com-
17 pensation, workers' compensation, or accident and sickness benefits,
18 shall not be eligible to sign the weekly strike or victimization roll. Any
19 member who leaves the strike area or fails to perform assigned picket

20 duty when requested unless excused by the officer in charge shall not
21 be eligible to sign the weekly strike or victimization roll. Members re-
22 ceiving strike or victimization benefits shall be entitled to free dues for
23 each full calendar month the strike or victimization is in progress in
24 which no more than four (4) days employment is received. Such ben-
25 efits shall be paid by the International Secretary-Treasurer on the basis
26 of the official strike roll. Each member receiving strike or victima-
27 tion benefits shall sign a note in duplicate, and such duplicate shall be
28 forwarded to the International Secretary-Treasurer reading as follows:

35 Brotherhood the full amount of strike or victimization
36 benefits received by me during such period of time.

38 Brotherhood instigates litigation against me in order to
39 enforce the above agreement I shall pay all of the cost
40 incurred by the International Brotherhood.

16.5 – Termination of Strike Benefits

1 Strike benefits shall be payable as long as the strike shall continue;
2 provided, however, that the subordinate body involved in the strike
3 shall make every reasonable effort to terminate the strike; and provided
4 further that a representative of the International President shall be kept
5 fully informed of the progress of negotiations and shall be entitled to
6 participate in such negotiations in an advisory capacity. If such repre-
7 sentative determines that any employer offer should be submitted to
8 the membership affected by the strike for a vote as to their acceptance,
9 the representative shall be authorized to conduct such vote which shall
10 be taken by secret ballot at a meeting of which such members have been
11 given reasonable notice, a majority of those attending and voting to de-
12 cide the issue, but provided that such representative may authorize a
13 vote to be taken by other appropriate means or manner. It is further
14 provided, however, that the International President, with the consent
15 and approval of the Executive Council, shall have the authority to ter-
16 minate the payment of strike benefits at any time that it is determined
17 that further benefit payments are not warranted.

16.6 – Lockout or Victimization Benefits

1 Lockout or victimization benefits in the same amount as strike ben-
2 efits may be paid to any member in good standing who is neither gain-
3 fully employed nor receiving unemployment compensation, workers'
4 compensation, or accident and sickness benefits, and has lost employ-
5 ment by reason of being locked out by the member's employer or dis-

7 body, or a committee of such subordinate body. Such benefits shall be
8 payable at the discretion of the International President upon approval
9 of the Executive Council if, upon investigation, it is determined that
10 such payments are warranted, and shall continue for such period as the
11 lockout continues or the International President and Executive Council
12 may determine.

17.2 – Charges and Notice of Trial

17.2.1 – Charges

1 Charges of violation of this Constitution or subordinate body By-
2 Laws may be made by any member in good standing who has knowl-
3 edge of the alleged violation. Charges shall at all times be made in good
4 faith and within sixty (60) days after the date that the alleged viola-
5 tion occurred. However, this time limit will not apply to those charges
6 wherein the basic facts and evidence pertaining thereto could not be
7 accumulated or made known within that period of time. In no event
8 will any charge be processed which is based on an alleged violation oc-
9 curring more than one (1) year prior to the filing of such charge except
10 that this time limit shall not apply to any charge alleging a violation
11 of Article 17.1.7. Failure to file charges in good faith or malicious or
12 wanton filing of charges shall subject the charging party to disciplinary
13 action and punishment. Charges shall be set forth in writing and a copy
14 of the charges served upon the individual or body being charged by
15 registered or certified mail, with return receipt requested to last-known
16 address, and a copy thereof filed with the President of the Local Lodge
17 and the International President. Charges shall set forth with sufficient
18 definiteness to inform the accused of the nature and circumstances of
19 the violations complained of, together with a reference to the particu-
20 lar subsection of Article 17.1 under which the charges were brought.
21 If the charges are not filed in conformance with this paragraph, the In-
22 ternational President is authorized to dismiss said charges. Article 17
23 proceedings are to address and remedy serious violations of this Con-
24 stitution or subordinate body By-Laws. Accordingly, referral disputes
25 shall be resolved through the referral disputes procedure, while con-
26 tractual violations shall be resolved under the grievance procedure of
27 the applicable labor agreement. Other disputes, such as personal or
28 political disputes or differences shall be addressed through the Grievance
29 Adjustment Procedures provided in Article 5.7 of this Constitu-
30 tion. The foregoing notwithstanding, circumstances may arise in
31 which conduct implicating the collective bargaining agreement and/
32 or referral procedures may also be appropriately addressed through
33 Article 17 proceedings.

17.2.2 – Notice of Trial

34 Upon receipt of notification from the International President that
35 charges have been properly filed, the Lodge President or the Interna-
36 tional President (where the International President has assumed juris-
37 diction) will, within a reasonable period of time, establish a date for an
38 informal hearing between the parties directly involved, and a sincere
39 effort will be made to resolve the matter at this point. If the charges are

40 disposed of as a result of this informal hearing, the agreement reached
41 by the parties shall be reduced to written form, signed by the parties
42 directly involved therein and witnesses thereto. However, if the matter
43 is not concluded on such informal basis, the Local Lodge President or
44 the International President, as the case may be, shall fix a time for trial
45 which shall be not later than forty-five (45) days following receipt of
46 such charges and shall give the accused at least fifteen (15) days notice
47 of the time and place of a hearing on such charge at which such accused
48 shall appear and defend. If the accused fails to appear, unless postponement
49 has been granted for good cause, the trial shall nevertheless proceed.
50 Similar notice shall be given the charging party and all directly
involved parties.

51 **17.2.3 – Dismissal of Charges**

52 In circumstances where the International President determines that it
53 is in the best interest of the International Brotherhood and its members,
54 the International President may direct that the charges be dismissed as
55 lacking in merit, as involving minor disputes, or for such other reasons
56 as the International President deems appropriate; that any or all time
57 limits for handling said charges be held in abeyance for a reasonable
58 period of time; or that the dispute be resolved in some other forum or in
59 some other manner deemed by the International President to be appropriate
60 under the circumstances; provided, however, that no penalty may
61 be assessed against the accused member over that member’s objection
62 absent a formal hearing as provided for in this Article. If not satisfied
63 with the International President’s decision, the Charging Party may appeal,
64 in writing, by registered or certified mail, to the Executive Council,
65 providing the appeal is received by the Executive Council within fifteen
66 (15) days from the date of the International President’s decision. In cases
67 of appeal, the International President will postpone further action on
68 the dispute pending final decision from the Executive Council. The decision
69 by the Executive Council shall be final and binding.

17.3 – Trial Bodies

17.3.1 – Local Lodge Jurisdiction

1 Local Lodges shall have jurisdiction to hear charges, through a trial
2 body, involving their members or their officers, or members working
3 or seeking work in their jurisdiction if the offense is there committed,
4 subject to the provisions of Articles 17.2.3 and 17.3.2. The trial body of
5 the Local Lodge shall consist of a panel of three (3) of the elected officers
6 of such Lodge as decided by the elected officers. No charging or
7 other directly involved party shall sit as a member of a trial body, and
8 any member of a trial body may be challenged for cause and, if the trial
9 body finds cause to exist, such member shall vacate that position and

10 the President shall fill such vacancy by appointment. In the event such
11 vacancy cannot be filled by a Local Lodge officer, the Local Lodge shall
12 elect from among the members of the Local Lodge to fill such vacancy.

17.3.2 – Executive Council Jurisdiction

13 The Executive Council shall have jurisdiction to hear charges of vio-
14 lations of this Constitution by any member or subordinate body of the
15 International Brotherhood if in the judgment of the International Presi-
16 dent the circumstances warrant. It can exercise such jurisdiction even
17 though charges are pending before a Local Lodge. The Executive Coun-
18 cil shall have exclusive jurisdiction to hear charges against subordinate
19 bodies and against International Officers. Any member of the Executive
20 Council who is directly involved in the proceedings so that the Council
21 member cannot function in an impartial manner shall not participate in
22 the proceedings or be subject to challenge for cause.

17.4 – Trial Procedure

17.4.1 – Conduct of Hearing

1 In all hearings, trials, and other matters which are to be decided and
2 acted upon by the Executive Council, the conduct of the hearing and
3 the taking of evidence may be performed by a member or officer of the
4 Brotherhood or by a panel duly appointed by the International Presi-
5 dent to act in the matter. The required report to the Executive Council,
6 copy of the record made at the hearing or trial, together with exhibits
7 will be forwarded to International Headquarters and the decision in
8 the case shall be made by the Executive Council based on such report
9 and record.

17.4.2 – Minutes of Proceedings

10 At every hearing, whether conducted on the Local or International
11 level, minutes of the proceedings shall be kept together with a summary
12 of the evidence and the testimony of witnesses. If a verbatim record is
13 desired by any party to the proceedings, the union shall provide same
14 and such party shall bear the costs of same, and other directly involved
15 parties desiring a copy shall pay the costs of such copy.

17.4.3 – Representation and Cross Examination

16 Either party shall have the right to confront and cross-examine wit-
17 nesses and to be represented only by a member except one in a super-
18 visory capacity. No non-members, other than witnesses and official
19 reporter, if any, shall be permitted to attend the hearing. Witnesses, ex-
20 cept when testifying, shall be excluded upon the request of an opposing
21 party or at the discretion of the trial body or Hearing Officer. The trial
22 body or Hearing Officer shall have authority to limit the attendance of
23 members if necessary to preserve order.

17.4.4 – Decision of Trial Body

24 As soon as possible, but not more than twenty-one (21) days after the
25 conclusion of the trial, or in cases where verbatim transcript is involved
26 within twenty-one (21) days after receipt of transcript, unless otherwise
27 determined by the International President, the trial body shall make a
28 decision in writing and send a copy to the accused and other directly
29 involved parties by registered or certified mail, with return receipt re-
30 quested to last-known address. If the accused is found guilty, the trial
31 body shall establish the penalty and set it forth in its decision. Penalties
32 should be imposed according to the nature of the offense.

17.5 – Penalties

17.5.1 – Types of Penalties

1 Penalties for violations of this Constitution may include reprimand,
2 fine, suspension from office or from membership rights for a stated pe-
3 riod, suspension from right to run for office for a stated period, sus-
4 pension from right to attend meetings, or if permitted to attend from
5 the right to speak or vote at meetings for a stated period, revocation of
6 Withdrawal Card, expulsion from membership, suspension or revoca-
7 tion of charter, or a combination of any of the foregoing.

17.5.2 – Notification

8 Subordinate bodies which have imposed any penalty under this Ar-
9 ticle shall immediately notify the International President and Interna-
10 tional Secretary-Treasurer thereof in writing.

17.5.3 – Removal from Premises

11 Any person violating the provisions of Article 17.1.14 shall be re-
12 quired to leave the premises. If the conduct involved warrants further
13 action, it shall be necessary to prefer charges and have a hearing con-
14 ducted thereon as provided in this Article.

17.6 – Appeals

17.6.1 – Written Appeal to Executive Council

1 The decisions of Local Lodge trial bodies may be appealed to the
2 Executive Council by any party adversely affected by such decision.
3 Appeals shall be in writing and filed with the International President
4 by registered or certified mail to be received by the International Presi-
5 dent within fifteen (15) days of the date the trial body decision is mailed
6 and shall state the basis for the appeal. Pending action on any appeal,
7 all penalties that might have been prescribed shall continue in effect,
8 including payment of fines, unless otherwise directed by the Interna-
9 tional President.

17.6.2 – Disposal of Appeal

10 The Executive Council may dispose of the appeal as the circumstanc-
11 es and record warrant, including remand for further proceedings or
12 retrial, including alteration, change, or modification of penalty.

17.6.3 – Decisions Involving an International Officer

13 Decisions of the Executive Council shall be final, except that deci-
14 sions of the Executive Council finding an International Officer guilty
15 of charges of violations of the Constitution may be appealed to the next
16 Convention. If any such Officer desires to appeal, that Officer shall file
17 such appeal with the International Secretary-Treasurer within thirty
18 (30) days after receiving the decision.

ARTICLE 18

TRUSTEESHIPS

18.1 – Authority For

1 The Executive Council shall have authority to place any subordinate
2 body under trusteeship if it is satisfied after notice and hearing that a
3 trusteeship is warranted and the interests of the International Brother-
4 hood so require. If it appears that a trusteeship may be necessary, such
5 hearing shall be conducted as provided for in Article 17.4.1. The subor-
6 dinate body involved shall be given at least ten (10) days written notice
7 of such trusteeship hearing. Interested officers and members, including
8 representatives of the International Brotherhood, may appear at such
9 hearing to present evidence as to why a trusteeship should or should
10 not be imposed. Grounds for the imposition of trusteeships shall include
11 secession or threatened secession; dissolution or threatened dissolution;
12 dissipation or loss of funds or assets or financial malpractice or cor-
13 ruption or threat thereof; violation or threatened violation of collective
14 bargaining agreements; the deprivation of democratic procedures and
15 other activities constituting a violation of this Constitution and threat-
16 ening the welfare of the subordinate body membership or the Interna-
17 tional Brotherhood. If upon the evidence introduced at the trusteeship
18 hearing and all the circumstances the Executive Council is satisfied that
19 a trusteeship is required, it may impose a trusteeship for such period as
20 it deems reasonably necessary, and place a trustee appointed by the In-
21 ternational President in charge of the activities of the subordinate body.

18.2 – Administration of Trusteeship

1 Such trustee shall have the right, upon demand, to all the funds,
2 properties, books, and assets of the trustee body for the period that
3 the trustee is in charge. Such properties shall be held in trust for the
4 benefit of the subordinate body and expended only to the extent neces-

5 sary for the proper conduct of the affairs of the subordinate body. The
6 trustee shall be adequately bonded. The trustee so appointed shall be
7 authorized and empowered to remove any or all officers and appoint
8 temporary officers for the duration of the lodge's trusteeship and to re-
9 move or replace other representatives or employees of such trustee
10 body, and to take such other actions as in the trustee's judgment are
11 necessary for the preservation of the subordinate body and its assets,
12 all subject to the direction, instructions, and approval of the Interna-
13 tional President. Any officers who may be suspended by the trustee
14 under the provisions of this section shall surrender to the trustee upon
15 proper receipt therefor, all monies, books, and properties of the subor-
16 dinate body. Temporarily-appointed officers shall be members in good
17 standing of such subordinate body. At the termination of the trustee-
18 ship, the officers who have been suspended shall resume their offices
19 for the balance of the term unless the trustee, with the approval of the
20 International President and after hearing, determines that any particu-
21 lar officer shall be removed. In the event of such removal, the vacancy
22 shall be filled under the provisions of this Constitution. The trustee shall
23 be empowered to pay all claims which are properly approved if funds
24 therefor are available and in all necessary particulars to conduct the af-
25 fairs and management of the subordinate body with the assistance of
26 the temporary officers herein provided for until the trusteeship is ter-
27 minated. Expenses incurred by reason of the trusteeship shall be paid
28 out of the funds of the subordinate body, if they are available, otherwise
29 they shall be borne by the International Brotherhood. During the period
30 of trusteeship, no funds of the trustee body except normal Per Capita
31 Tax and other financial obligations normally payable by subordinate
32 bodies shall be transferred to the International Brotherhood unless the
33 subordinate body is dissolved. Such trusteeship shall be continued no
34 longer than is necessary to coordinate and reorganize the affairs of the
35 subordinate body and shall in all events be concluded as soon as prac-
36 ticable within the judgment of the International President subject to the
37 approval of the Executive Council; provided, however, that the trustee
38 subordinate body shall have the right to appeal to the Executive Coun-
39 cil for removal of the trusteeship if it is deemed that such trusteeship
40 has served its purpose. If it becomes necessary to revoke permanently
41 the charter of the subordinate body, then any balance remaining to the
42 credit of the subordinate body and other properties shall be forwarded
43 to the International Secretary-Treasurer.

18.3 – Emergency Power of the International President

1 In any situation in the judgment of the International President, where
2 grounds for the establishment of a trusteeship exist or grounds for sus-
3 pension of a subordinate body officer exist, and in addition the activi-
4 ties of the subordinate body or of its officers or membership are such as

5 to create an emergency imminently threatening the welfare, funds, or
6 property of the subordinate body, then the International President may
7 summarily place a subordinate body in trusteeship, subject to a subse-
8 quent hearing by the Executive Council as set forth in Article 18.1. Such
9 hearing shall be held within fifteen (15) days after the imposition of such
10 emergency trusteeship. If in the International President's judgment the
11 situation warrants, the International President may at any time within
12 thirty (30) days of the imposition of the emergency trusteeship termi-
13 nate same. In the event the International President does not terminate
14 the emergency trusteeship within thirty (30) days, the Executive Council,
15 as soon as practicable thereafter upon the evidence introduced at the
16 trusteeship hearing and all the circumstances relating thereto, shall take
17 action in accordance with Article 18.1.

4 Local Lodge.

27.5 – Limitation on Speaking

1 No member shall be allowed to speak longer than five (5) minutes on
2 any one subject in any meeting of the Local Lodge without permission
3 of the Local Lodge and such member shall stop speaking and sit down
4 upon being called to order by the presiding officer.

ARTICLE 28

INITIATION FEES AND DUES

28.1 – Initiation Fees

28.1.1 – Limitations

1 The initiation fee shall be determined by the Local Lodge, but shall
2 be not less than Twenty-Five Dollars (\$25.00) and in no event shall be
3 more than One Thousand Dollars (\$1,000.00). Arrangements for pay-
4 ment of initiation fees by installments may be made in accordance with
5 approved Local Lodge By-Laws or an applicable collective bargaining
6 agreement. When a Local Lodge collects the initiation or reinstatement
7 fees in installments, the first installment shall be equal to the amount
8 due the International, and remitted to the office of the International
9 Secretary-Treasurer. Any monies paid toward an incomplete initiation
10 shall be forfeited by the applicant.

28.1.2 – Special Dispensations

11 The International President shall have the authority to grant a special
12 dispensation reducing initiation and reinstatement fees for special cases,
13 where organizing activities are in progress or are contemplated, for such
14 period of time as may be determined by the International President.

28.1.3 – Reciprocal Agreements

15 Any applicant for membership, who presents acceptable evidence of
16 current good standing in some other labor organization with which the
17 International Brotherhood has a reciprocal agreement, may be admitted
18 to membership upon the payment of one (1) month's dues to the Local
19 Lodge having jurisdiction where the applicant is working and upon ex-
20 ecuting an official application for membership.

28.1.4 – Difference in Initiation Fees

21 A member with less than four (4) years of continuous membership,
22 who becomes employed on work for which a higher initiation (or rein-
23 statement) fee than the member paid is applicable, shall be required to
24 pay the difference in the two (2) fees. The Local Lodge, upon receipt of
25 the difference in the fees, shall transmit to the International Secretary-
26 Treasurer the difference in the amounts payable to the International
27 Brotherhood as set forth in Article 12.2.1. This Article shall not apply to
28 subordinate Lodge consolidations.

28.1.5 – Deviations

29 Any deviations from Article 28.1.1 must have prior approval of the
30 Executive Council.

28.2 – Dues

28.2.1 – When Payable

1 All monthly dues shall be payable on the first day of each month and
2 should be paid monthly in advance. Minimum monthly dues shall be
3 Fifty Dollars and Eighty-Five Cents (\$50.85) and this amount shall be
4 increased in the same amount and as of the same date as any increase in
5 the Lodge monthly dues provided for in Article 28.2.2.

28.2.2 – Annual Increases

6 Local Lodge monthly dues shall be increased every January 1 by an
7 amount equal to two (2) times the amount of any increase in the month-
8 ly Per Capita Tax as determined in accordance with Article 12.2.2 of this
9 Constitution with the Local Lodge and the International Brotherhood
10 to share equally this increase in Lodge monthly dues. The International
11 President, upon receipt of a Local Lodge request to waive the increase in
12 monthly dues to be retained by the Local Lodge, may grant such request
13 if so warranted by the Lodge’s financial condition.

14 Local Lodge monthly dues shall be increased every January 1 by an
15 amount equal to the amount of any increase in the monthly Industrial
16 Sector Operations Division Dues as determined in accordance with Article
17 21.3.2 of this Constitution. The International President, upon receipt
18 of a Local Lodge request to waive the increase in monthly Industrial Sector
19 Operations Division Dues, may grant such request if so warranted
20 by the Lodge’s financial condition. Said waiver does not release the Local
21 Lodge from its obligation to make Industrial Sector Operations Division
22 Dues payments as determined in accordance with Article 21.3.2 of
23 this Constitution.

28.2.3 – Eligibility for Financial Assistance

24 In accordance with Article 7.8 of this Constitution, for a Local Lodge
25 to be eligible for financial assistance, members of that Local Lodge must
26 be paying the minimum dues as provided for in Article 28.2, plus One
27 Dollar (\$1.00) per month.

28.2.4 – Deviations

28 Any deviations from Article 28.2.1 must have the prior approval of
29 the Executive Council after receipt of a recommendation from the Inter-
30 national President.

28.3 – Service Charges

28.3.1 – Permit Fees Prohibited

1 No “permit fees” shall be collected, but nothing in this section shall
2 prevent the exchange of members as between subordinate bodies of this

3 Brotherhood or other organizations and the payment of appropriate
4 working dues required of members.

28.3.2 – Non-Member Per Capita Tax

5 In any agency shop, Rand Formula or other similar arrangement, or
6 with regard to any Lodge with field construction jurisdiction which re-
7 ceives payments pursuant to Article 28.3.1, the International Brother-
8 hood shall receive an amount equal to a member's monthly Per Capita
9 Tax from all non-member employees.

ARTICLE 29

SUSPENSION AND REINSTATEMENTS

29.1 – Suspension for Non-Payments

1 Whenever any member's monthly dues, assessments, or fines become
2 two (2) calendar months in arrears, that member shall be automatically
3 suspended from all rights, privileges, and benefits of the International
4 Brotherhood. No monthly dues shall be accepted until all financial obli-
5 gations owed to the Brotherhood or any subordinate body such as field
6 dues, District Lodge dues, fines, or assessments have been paid. How-
7 ever, employment status governed by a valid union security clause is
8 to be affected only in the event of a failure to tender the periodic dues
9 and the initiation fees uniformly required as a condition of acquiring or
10 retaining membership.

29.2 – Reinstatement of Members Suspended for Non-Payments

1 In order for the former member to be recorded again in good standing,
2 that member shall, if suspended for less than forty-eight (48) continuous
3 months, personally make application for reinstatement with the Lodge
4 having jurisdiction where the member is working and shall be obligated
5 to pay, in addition to any financial delinquencies, a reinstatement fee in an
6 amount determined by the subordinate body; such fee, however, to be not
7 less than Twenty-Five Dollars (\$25.00) and not more than One Thousand
8 Dollars (\$1,000.00). Arrangements for the payment of reinstatement fees
9 by installments may be made in accordance with approved Local Lodge
10 By-Laws or an applicable collective bargaining agreement. When a Local
11 Lodge collects the initiation or reinstatement fees in installments, the first
12 installment shall be equal to the amount due the International, and remit-
13 ted to the office of the International Secretary-Treasurer. Any fees paid
14 to apply on reinstatement fees shall be forfeited in the event payment for
15 such reinstatement is not completed. The application for reinstatement
16 shall show the full amount of the Lodge reinstatement fee and the appli-
17 cant's Social Security number, and be signed by the applicant and attested

18 to by the Secretary-Treasurer of the Local Lodge. Any deviations from this
19 section must have the prior approval of the Executive Council.

29.3 – Reinstatement of Expelled or Other Suspended Members

1 Any member who is expelled or suspended from any Local Lodge for
2 any reason other than the nonpayment of dues, and recorded as such in
3 the International Secretary-Treasurer’s office, shall not be accepted as a
4 member of any Local Lodge unless such Local Lodge shall:

5 **29.3.1.** First secure the consent of the Local Lodge so suspending or
6 expelling the member;

7 **29.3.2.** Collect such fines, assessments and dues as may be outstand-
8 ing against the member plus the prescribed reinstatement fee;

9 **29.3.3.** Promptly forward such sum to the Local Lodge from which
10 the member came; and

11 **29.3.4.** Obtain the approval of the International President except in
12 those situations where the member has been expelled or suspended by
13 action of the Executive Council in which event its approval must be ob-
14 tained. The requirements of this section shall be complied with fully
15 before such a reinstatement into membership shall become effective.

ARTICLE 30

TRAVELING CARDS

30.1 – Issuance of Traveling Cards

1 Any member leaving the jurisdiction of that member’s Local Lodge
2 for employment elsewhere shall apply for a Traveling Card to the Secre-
3 tary-Treasurer of the Local Lodge who shall issue such Traveling Card
4 to such member only after clearing through the Business Manager’s
5 office where one is maintained. Such Traveling Card shall serve as an
6 identification card for the member and shall entitle the member to rec-
7 ognition as a member in good standing when accompanied by an offi-
8 cial paid-up dues receipt signed by the Secretary-Treasurer of the Local
9 Lodge issuing such card.

10 A member on a Traveling Card shall maintain membership in the Lo-
11 cal Lodge from which such card was obtained and shall retain all rights
12 of membership in that Lodge, including the right to run for and hold
13 office, vote, and participate in the meetings of said Lodge subject to the
14 provisions of Articles 25.4 and 25.6. Such members may attend other
15 Local Lodge meetings in the area where they are traveling or working,
16 but without right to voice or vote.

17 All Traveling Cards shall be supplied by the International Secretary-
18 Treasurer, and upon being issued by the Secretary-Treasurer of the
19 Lodge, shall coincide with dues receipts in all particulars.

20 A Traveling Card shall not be issued to any member until all fines,
21 assessments, dues, District Lodge dues, and field dues have been paid
22 for the month in which such card is issued.

30.2 – Deposit of Traveling Cards

1 A member on a Traveling Card securing employment under the juris-
2 diction of any Lodge shall immediately deposit said card with the Busi-
3 ness Manager where such office exists or in the absence of such office with
4 the Secretary-Treasurer of the Lodge. Such officer shall accept the Travel-
5 ing Card and it shall be held for the period of the member’s employment
6 in the jurisdiction of the Lodge subject to the provisions of Article 30.3.

30.3 – Return of Traveling Card

1 At any time that a member on a Traveling Card loses employment in
2 the area within the jurisdiction of the Local Lodge where that member’s
3 Traveling Card is being held, the Secretary-Treasurer of such Lodge
4 shall return the Traveling Card to such member if the Secretary-Trea-
5 surer has determined that all financial obligations to the Brotherhood
6 have been paid. If any such obligations have not been paid, the Secre-
7 tary-Treasurer shall return such card to the Secretary-Treasurer of the
8 Local Lodge from which such card was obtained, who shall collect the
9 indebtedness from said member and forward the monies to the Local
10 Lodge where the financial obligations occurred.

30.4 – Maintenance of Membership

1 It shall be the duty of the Local Lodge holding a member’s Traveling
2 Card to see that the member maintains all membership obligations. A
3 member on a Traveling Card shall pay field dues as set forth in the ap-
4 proved By-Laws of the Local and/or District Lodge under whose juris-
5 diction said member is working.

30.5 – Reciprocal Agreements

1 The issuance, deposit, and acceptance of Traveling Cards as required
2 by this Article shall not apply where reciprocal working agreements,
3 which have been approved by the International President, exist between
4 subordinate bodies. Where circumstances warrant, the International
5 President is authorized to establish reciprocal working agreements.

12 Unless otherwise provided in approved Lodge By-Laws, a member
13 on a Traveling Card, who has had said card on deposit in a Lodge for
14 ninety (90) days, may be required to transfer membership into such

16 quest transfer of such membership.

31.1.4 – Eligibility for Transfer Card

17 A Transfer Card shall not be issued for any member until all fines,
18 assessments, dues, District Lodge dues, and field dues have been paid
19 for the month in which such card is issued.

31.2 – Notification of International Secretary-Treasurer

1 When a transfer of membership is made from one Local Lodge to an-

4 such transfer. The International Secretary-Treasurer shall furnish Local
5 Lodges Transfer Cards in such form as may be required to obtain the
6 necessary information concerning the member.

3 Helpers for the purpose of going into business or entering another occu-
4 pation not coming under the established work jurisdiction of any divi-
5 sion of the International Brotherhood shall make application for a With-

7 the member a Withdrawal Card; provided, however, such member has
8 been a member in good standing in the International Brotherhood for at
9 least three (3) months and is not indebted to the Local Lodge.

10 Withdrawal Cards must be renewed after being in effect for a period
11 of six (6) months, but less than forty-eight (48) months. The cost of each
12 renewal shall be Twenty Dollars (\$20.00), of which Ten Dollars (\$10.00)
13 shall be retained by the Local Lodge. The initial renewal period, and all

15 from the last month of issuance.

16 Withdrawal Cards shall be prepared in triplicate form: one (1) part
17 shall be issued to the member withdrawing; one (1) part shall be de-

7 Withdrawal Card shall cause it to be automatically cancelled or revoked.

32.2.2 – Monies Payable Upon Deposit of Withdrawal Card

8 Any former member who has held a Withdrawal Card for six (6)
9 months or less, shall pay to the Local Lodge in which the Withdrawal
10 Card is deposited all dues and assessments which have accrued since
11 the issuance of the Withdrawal Card, and said deposit within six (6)

12 months shall cause the Withdrawal Card to be cancelled and shall not
13 constitute a break in membership. If the former member has held such
14 Withdrawal Card for more than six (6) months, the former member
15 shall pay one (1) month's dues and assessments, if any, for the month in
16 which the Withdrawal Card is deposited.

32.2.3 – Per Capita Remittance to International Secretary-Treasurer

17 After the Withdrawal Card is accepted, the original Withdrawal
18 Card, along with a completed application for membership, shall be for-

1 Any member of the International Brotherhood who has received
2 a Service Card shall, within ninety (90) days of retirement or dis-
3 charge from the armed forces and regardless of employment status,
4 present the Service Card and discharge from the armed forces to the
5 Secretary-Treasurer of the issuing Local Lodge and sign an application for
6 membership and pay one (1) month's dues. The Secretary-Treasurer

14 remain valid as long as the member is retired from all gainful employ-

5 that situation, the Executive Council may approve a lesser amount as it
6 deems appropriate.

7 **33.2.** Effective August 1, 2006, all International Representatives and

4 resolved through the courts or otherwise in favor of the International
5 Brotherhood, the subordinate body instigating such action or actions
6 shall pay all of the costs incurred by the International Brotherhood.

1 If any provision of this Constitution shall be declared invalid or inop-
2 erative by any competent authority of the executive, judicial, or admin-
3 istrative branch of federal or state government, the Executive Council
4 shall have the authority to suspend the operation of such provision dur-
5 ing the period of its invalidity. If any Article or section of this Constitu-
6 tion should be held invalid by operation of law or by any tribunal of
7 competent jurisdiction, the remainder of this Constitution or the appli-
